

Medicines Held Across South West London and St Georges Mental Health Trust

The table below gives a list of common medicines held across the South West London and St Georges Mental Health Trust's various sites. Any patients transferred to SWLSTG from an acute Trust need not have the medicine supplied as they are readily available (including out of hours) in more than one location.

For further information our Medicines Information helpline is available Monday to Friday 9am-5pm on 0203 513 6829, or out of hours the on-call pharmacist can be contacted via switchboard on 0203 513 5000.
